5. Communities Status Reports-*Due to technical issues the following communities reports were not recorded.

- Fulton County*
- Monroe County*
- Northwest Water & Sewer District*
- Lucas County*
- Perrysburg
 - Wrapped up next to expressway, site cleaned up
 - First AMI units last week
 - Wrapping up 4,800 ft. of 4" cast iron main to be replaced with 8"
- Sylvania
 - Started conversation regarding 2025 crossing replacement
 - Pump station – ½ dozen things to be taken care of
 - Replacing mobile telemetry units. AMI system in place for 15-20 years, replacing as batteries wear out, ordered but not yet received, possibly in January
- Toledo
 - Expect to spend \$45 million this year in capital improvements. Three (3) projects in design:
 - ◆ Chemical feed line to intake crib (12 years)
 - ◆ Plan and drain site improvement
 - ◆ Bulk alum feed improvements – negotiating with Ohio EPA
 - High service and filtered water conduits completed
 - Filter and Pipe Gallery improvements well ahead of schedule – operation to start this month
 - High Service pumping station
 - ◆ Pump 4 returned yesterday
 - ◆ Pump 5 will be returned today
 - Basin 1-4 upgrades should be operational by March or April 2023
 - Ozone in regular service since March
 - ◆ THMs down 40%
 - Lab improvements – refurbished
 - Elevated storage tank projects - all site locations set; working on details with Washington Local
 - AMI project going well, sending mailers out to inform customers they will be receiving new meter
 - Lead line replacement - contractor doing private side with ARPA funds
 - Estimation of lead line replacements to be done? 3,000
 - Aggressively seeking to secure funding from Ohio EPA
 - Toledo meter replacement – what order? Map on webpage
