Subject: Application No. 1209467-WS; Detail Plans for TOLEDO HAB GENERAL PLAN; Plans Received From Black & Veatch

Ladies and Gentlemen:

The Ohio Environmental Protection Agency has reviewed the enclosed plans submitted pursuant to Ohio Revised Code Sections 6109.07 et. seq., or accepted the certification of plan review by an authorized professional engineer pursuant to a contract therefore. These plans are approved subject to the condition of compliance with all applicable laws, rules, regulations, and standards. The applicant is responsible for obtaining all other necessary approvals, waivers or releases required by state, federal or local law prior to implementing this plan. Further, all construction must be supervised by a registered engineer, if required by law, or expert qualified in such work.

- (a) The enclosed report contains a description of the facilities approved which may include information regarding approved operating rates, capacities, and requirements, and is incorporated herein.
- (b) In accordance with OAC 3745-90-05(B), the owner shall implement the approved cyanotoxin general plan in accordance with the approved schedule and continue to monitor for microcystins in accordance with OAC 3745-90-03 to demonstrate treatment effectiveness.
- (c) In accordance with OAC 3745-90-05(C), if the owner fails to comply with item (b) of this plan approval, it is a violation of the treatment technique requirement of the HAB rules and the owner shall issue a tier 2 notification in accordance with OAC 3745-81-32.
- (d) If there are any "substantial changes" to either source water or treatment, as defined in OAC 3745-91-01, the owner shall contact the Division of Drinking and Ground Waters, Northwest District Office to determine if a revision to the Cyanotoxin General Plan is needed.
- (e) The Cyanotoxin General Plan shall be reviewed annually and updated as needed. Any revisions to the general plan shall be submitted to the Division of Drinking and Ground Waters, Northwest District Office for review.

If a Water Supply Revolving Loan Account (WSRLA) loan is desired, it will be necessary to comply with the requirements of Ohio Revised Code 6109.22. If compliance with WSRLA requirements necessitates any revisions to the plans as herein approved, a resubmittal and approval of the plans will be required before construction.

Should there be any questions regarding the requirements, meaning, or interpretation of any of the above which we may clarify, please contact the Division of Drinking and Ground Waters, Northwest District Office, Ohio

Environmental Protection Agency.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Treasurer of the State of Ohio", which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
30 East Broad Street, 4th Floor
Columbus, OH 43215

Ohio EPA has developed a customer service survey to get feedback from regulated entities that have contacted us for regulatory assistance, or worked with the Agency to obtain a permit, license or other authorization. Ohio EPA's goal is to provide our customers with the best possible customer service, and your feedback is important to us in meeting this goal. Please take a few minutes to complete this survey and share your experience with us at www.epa.ohio.gov/survey.aspx.

Sincerely,

Craig W. Butler
